MANDURAH, WESTERN AUSTRALIA

47th Australian National Tasar Championship 2020

Dear Competitors,

In light of the decision by the Federal Government regarding restrictions in place for non-essential public gatherings for more than 500 people and updated advice from the Australian Sailing, the Department of Health, Mandurah Offshore Fishing and Sailing and the Regatta stakeholders the 47th Australian National Tasar Championship has been cancelled immediately.

Our first priority is the safety of participants, volunteers, all event partners and members of the Mandurah Offshore Fishing and Sailing Club.

Further information regarding refunds will be communicated in due course.

The Organising Committee for the 47th Australian National Tasar Championship 2020 would formally like to thank all the regatta partners for their support of the event. Our partners include the State Government of Western Australia through Tourism WA, Department for Local Government Sport and Cultural Industries, Lotterywest, Club Marine, Ronstan, NB Sailsports, Scavenger Fire and Safety, and Bernier Pharmaceuticals. Please consider supporting them at this time. If you can't go sailing, surely the next best thing is buying sailing gear online.
